

# Staying Safe Online

How to spot scams and dangerous situations on the web

Reminder: Update your expired card information

service@paynow.com <service@payknow.com>

to me

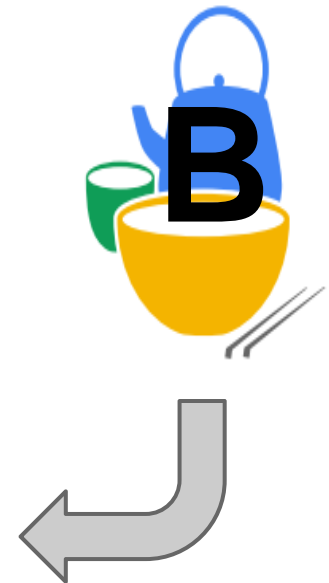

because your credit card has expired in your PayNow account. Please verify and confirm your account information.

Always check the sender's email address. Many senders look just like the real thing. But if you look closely you may spot misspellings and other typos that could indicate they are not the real deal.

Two screenshots of a web browser showing the Bank First website. The top screenshot shows the URL <https://www.bankfirst.com>. The bottom screenshot shows the URL <https://www.bankfirstst.com>. Both screenshots show the same website content, including the navigation menu (Banking, Credit Cards, Lending, Investing, Business, Services, Rewards), the Bank First logo, and a login prompt: "Please log in to your account or sign up [here](#)." The text on the right side of the page reads: "Discover financial services tailored to you from BankFirst. Learn more about our full range of banking products, including che savings, credit cards under one roof."

Reminder: Your MasterCard expired card information

service@paynow.com

Dear Jane Smith,

Your MasterCard ending in 5333 has expired. Since it's the only payment method on your account, you'll need to update your card information to continue using your account.

PayNow

A real site will never use scare tactics to get your username and password. If you're ever in doubt, contact the company directly to see if your account is in danger.

Due to recent security issues we require you to confirm your details and re-activate your account.

The image shows two screenshots of a web browser displaying the Bank First website. The browser's address bar shows <https://www.bankfirst.com>. The website has a red navigation bar with links for *Banking*, *Credits Card*, *Landing*, *Investing*, *Business*, *Services*, and *Rewerds*. The main heading is **BANK *First***. Below the heading, it says "Please logs in to your account or sign up [here](#)." There are two input fields labeled "username" and "password". The background features a scenic view of a beach and ocean. The bottom right corner of the page contains the hashtag **#phishnophish**.

The top screenshot shows a browser window with the URL `https://www.bankfirst.com`. The navigation menu includes [Banking](#), [Credits Card](#), [Landing](#), [Investing](#), [Business](#), [Services](#), and [Rewerds](#). The main heading is **BANK *First***. Below it, the text says "Please log in to your account or sign up here." A yellow box highlights the word "log" in "log in". To the right, a paragraph says "Discover financial services tailored to you from BankFirst. Learn more about our ranges of banking products, including checking, savings, credits card under one roof." Yellow boxes highlight "Discover", "checking", "savings", and "credits".

The bottom screenshot shows the same browser window with a login form. The navigation menu is [Banking](#), [Credit Cards](#), [Lending](#), [Investing](#), [Business](#), [Services](#), and [Rewards](#). The heading is **BANK *First***. The text says "Please log in to your account or sign up here." Below this are input fields for "username" and "password". A white smiley face icon is overlaid on the right side of the login form.

The image shows two screenshots of a web browser displaying the Shoppers Paradise website. The top screenshot shows the URL `http://signin.shoppersparadise.com/`. The bottom screenshot shows the URL `https://signin.shoppersparadise.com/` with a green lock icon and the text "Shoppers Paradise [US]". Both screenshots show the Shoppers Paradise logo, navigation icons for handbags, tops, shoes, hats, boots, and dresses, a "Welcome to Shoppers Paradise!" message, and a login form with "User ID" and "password" fields.

Sites that use **Extended Validation (EV) SSL** show a green highlight in the address bar. This obvious visual cue takes the guesswork out of identifying legitimate websites.

😊
